Helping you achieve your dreams

AG HorizonAchieverSM

Single-premium deferred annuity with market value adjustment

Build a Solid Retirement

In today's financial market, a retirement strategy wouldn't be complete unless part of it provided for growth while making sure that the underlying assets are not subject to market risk.

AG HorizonAchieverSM is a great way to provide security for your hard-earned assets — and yet still allow the growth you need as part of your overall retirement portfolio.

This fixed annuity offers a guaranteed interest rate for a set period of time. And regardless of future economic conditions, AG HorizonAchiever is guaranteed to renew at or above the guaranteed minimum interest rate, which is listed in your contract. In addition, your funds will accumulate on a tax-deferred basis until you're ready to begin receiving income.¹

Once you need to use the funds, AG HorizonAchiever has options that can provide you with a reliable income stream that can't be outlived. Only annuities can make a claim this strong — and stand behind it regardless of future market conditions.

¹ Based on current federal income tax laws

² For the first contract year, 10% of the initial premium may be withdrawn. The value of the annuity may not fall below \$5000 after any withdrawal taken. Withdrawals may be subject to Federal and/or State income taxes. A 10% Federal penalty tax may apply if you make withdrawals

or surrender your annuity before age 59-1/2. Beginning January 1, 2013, annuity income may be subject to an additional tax of 3.8% under specific factual situations. Consult your tax advisor regarding your specific situation. Partial withdrawals are subject to a \$250 minimum; systematic withdrawals are subject to a \$50 minimum.

withdrawal value could be higher; if interest rates have increased, your withdrawal value could be lower.

As mentioned in previous sections, the withdrawal charges and MVA are not applied in

certain instances.
