New Forms

Following is brief information regarding some of the new forms shown above. Product training materials, sample forms and transition rules are available at <http://www.standard.com/di>. The online Insurance Manual in POL has also been updated for The Protector+.

- Catastrophic Disability Benefit Rider, PR9(5/05) - Pays an additional monthly benefit if the insured becomes “catastrophically disabled” as defined in the rider.
- Guaranteed Issue Riders, PR10(5/05), PR11(5/05) and PR12(5/05) – These riders change the pre-existing conditions provision of The Protector+ policy for guaranteed issue (GI) cases.
 - PR10(5/05) waives the policy’s pre-existing conditions exclusion.
 - PR11(5/05) amends the policy’s pre-existing conditions exclusion to consider only the 3-month period prior to the policy’s effective date; and it provides coverage for pre-existing conditions only if, on the date the insured becomes disabled, the policy has been in force for 12 consecutive months. It also allows for waiver of the pre-existing conditions exclusion if the insured has had prior coverage.
 - PR12(5/05) amends the policy’s pre-existing conditions to cover pre-existing conditions only if, on the date the insured becomes disabled, the policy has been in force for 12 consecutive months.All three riders modify the policy’s Renewal Benefit provision to allow for a new schedule of maximum benefit periods under the policy’s Renewal Option.
- ERISA Claims Procedure Policy Endorsement, form 12611(5/05) - Generally, this form will be issued automatically with multi-life, employer-sponsored policies to add to the policy certain claims provisions required by ERISA.
- DI Policy Limitation For Mental Disorder And/or Substance Abuse Policy Endorsement, 12611(5/05) – This endorsement will be issued automatically with Own Occupation Riders. (Note the Protector+ base policy no longer contains the mental disorder/substance abuse limitation.)

Application Forms

- The basic application form DIAPP(5/05) and the Short Form (GI) Application 11360(5/05) are updated to include new rider and endorsement forms and the new 3% / 6% choice for the Indexed Cost of Living Benefit Rider.
- The new Catastrophic Disability Benefit Application Supplement, 12619(5/05), is primarily for use in guaranteed-issue (GI) cases where the Catastrophic Disability Benefit Rider is being applied for. It is not required with medically underwritten applications, unless the underwriter requests it.

All applications are available on POL and at <http://www.standard.com/di>. (At the top of the page click on Forms, then Application Forms; then select the state.) Online reference charts for application forms will be updated in early September.

Please discard/destroy any printed supply or stored file you may have of the earlier DI App Packets and GI Application packets for the states listed in this memo.
